

LUMATEC®

LIGHTING BEYOND TECHNOLOGY

SINCE 1987

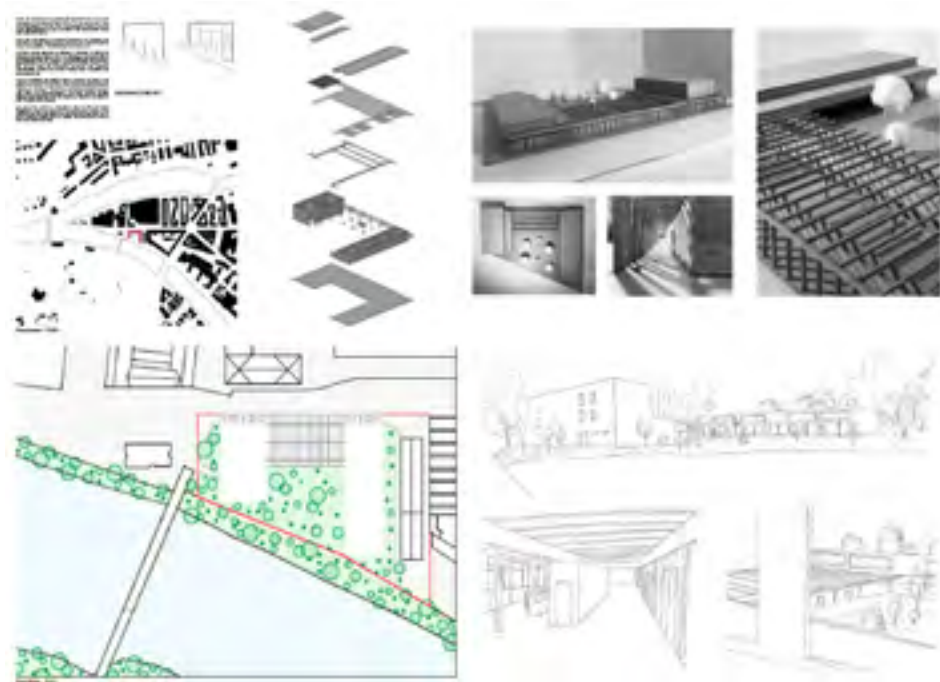

WHEN LIGHT...

Kinder City - Yverdon-les-Bains

OUR UNIQUE PROPOSITION

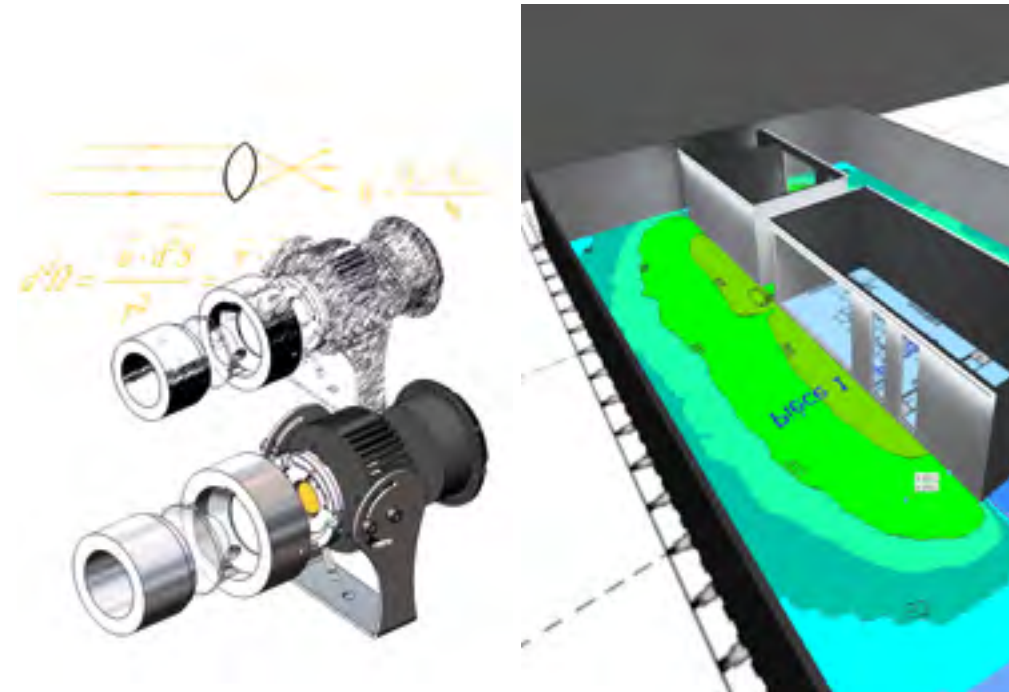

UNDERSTAND

- Collaborate with architects and lighting designers
- Translate ideas into products according to norms and technical constraints
- Propose ideas based on our market knowledge and innovation capabilities

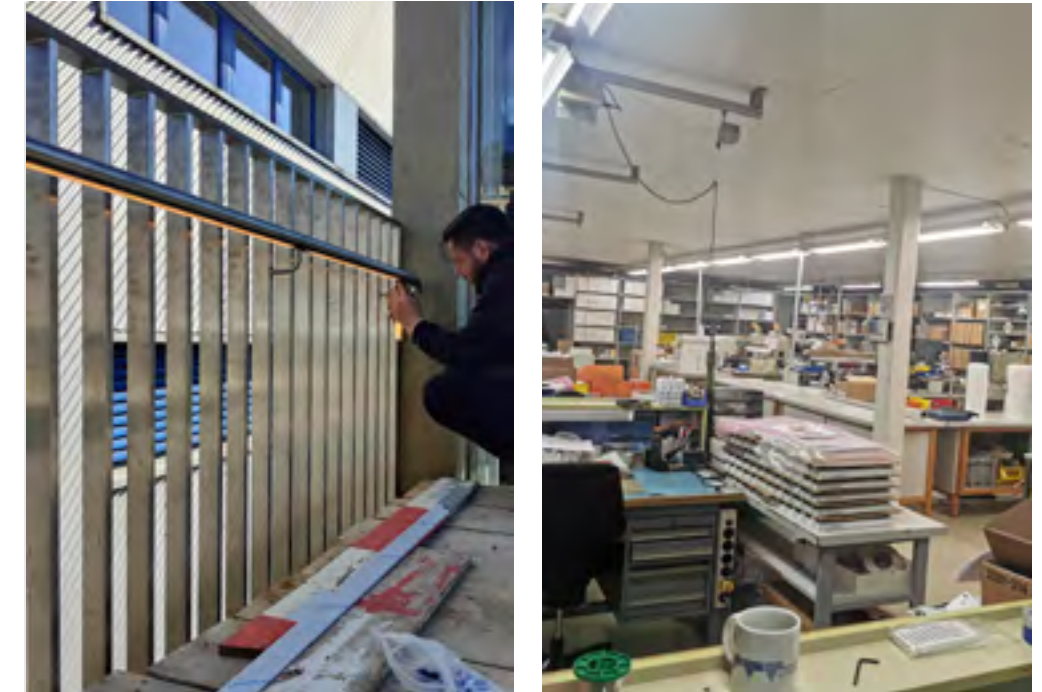

DESIGN

- Strong technical expertise in technology and norms
- Photometry studies
- Sourcing team to identify existing solutions on the market
- R&D team to design bespoke products
- Robust qualification process for new suppliers / products

DELIVER

- Two production sites in Switzerland and France
- On the field presence for installation assistance
- On-site / Off-site programming
- Strict quality controls prior to delivery

WHEN LIGHT... DRAWS SHAPES

STAIRS

Custom made handrails to ensure light continuity while respecting minimum lux required in stairs environment

MUDAC - Lausanne

Sevelin - Lausanne

Lausanne

WHEN LIGHT... DRAWS SHAPES

OUTDOOR SPACE

Custom made handrails to ensure light continuity while respecting minimum lux required in stairs environment

Confignon

CERN

WHEN LIGHT... DRAWS SHAPES

BRIDGES AND GATEWAYS

Bespoke shape and finishing to underline shapes with perfection and resist in saline and heavy vibrating environments

WHEN LIGHT... DRAWS SHAPES

FACADE SPOTLIGHTING

Lighted pavement used on a façade with
programmed light effect
Custom shape to illuminate historical façades

WHEN LIGHT... DRAWS SHAPES

SEA SALT and WATERPROOF
ENVIRONMENT

Reliable product design in heavily water exposed
environments

WHEN LIGHT... DRAWS SHAPES

INTERIOR

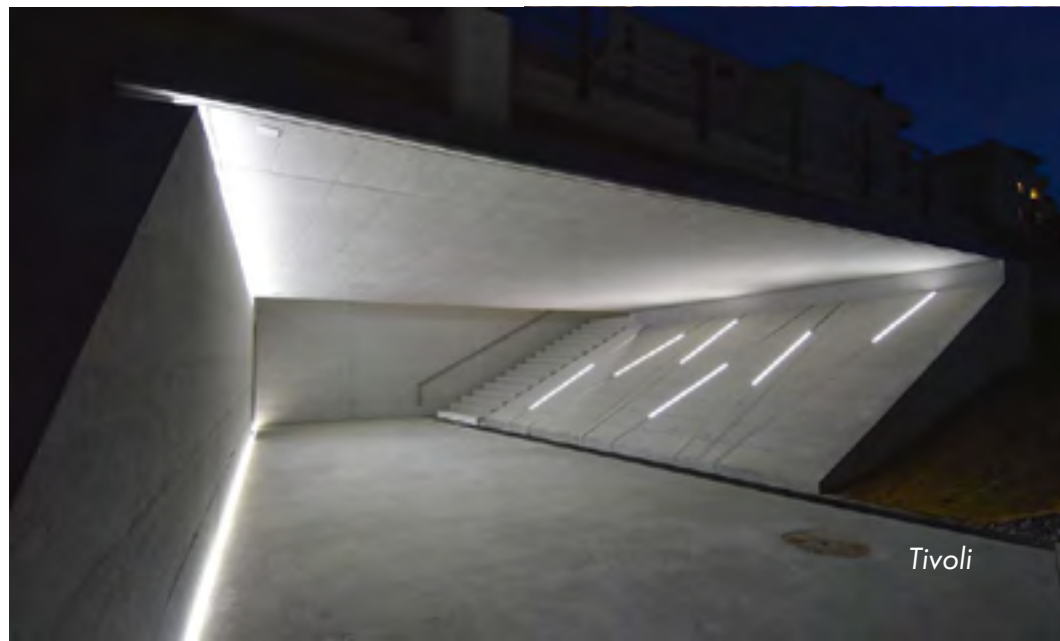

Fully customized solutions according to architectural drawings to ensure high quality continuity of light on long distances

WHEN LIGHT... BECOMES MATERIAL

EXTERIOR

Light is used to emphasize the materials

WHEN LIGHT... BECOMES MATERIAL

BACKLIGHT

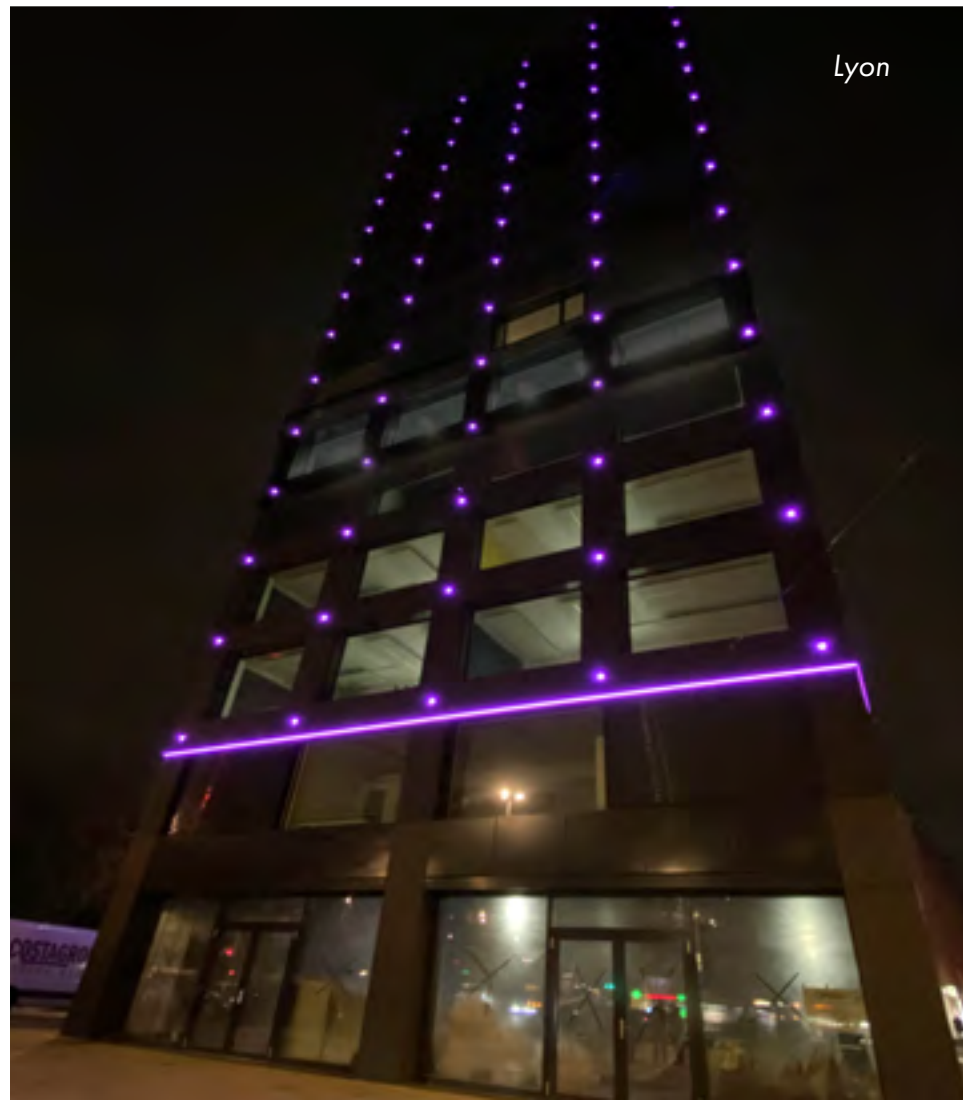

Custom made backlight panel.
Light hides behind materials

WHEN LIGHT... BECOMES MATERIAL

PAVEMENT

Light is embedded into paving stone replicating the exact shape of existing ones

WHEN LIGHT... BECOMES MATERIAL

PANELS

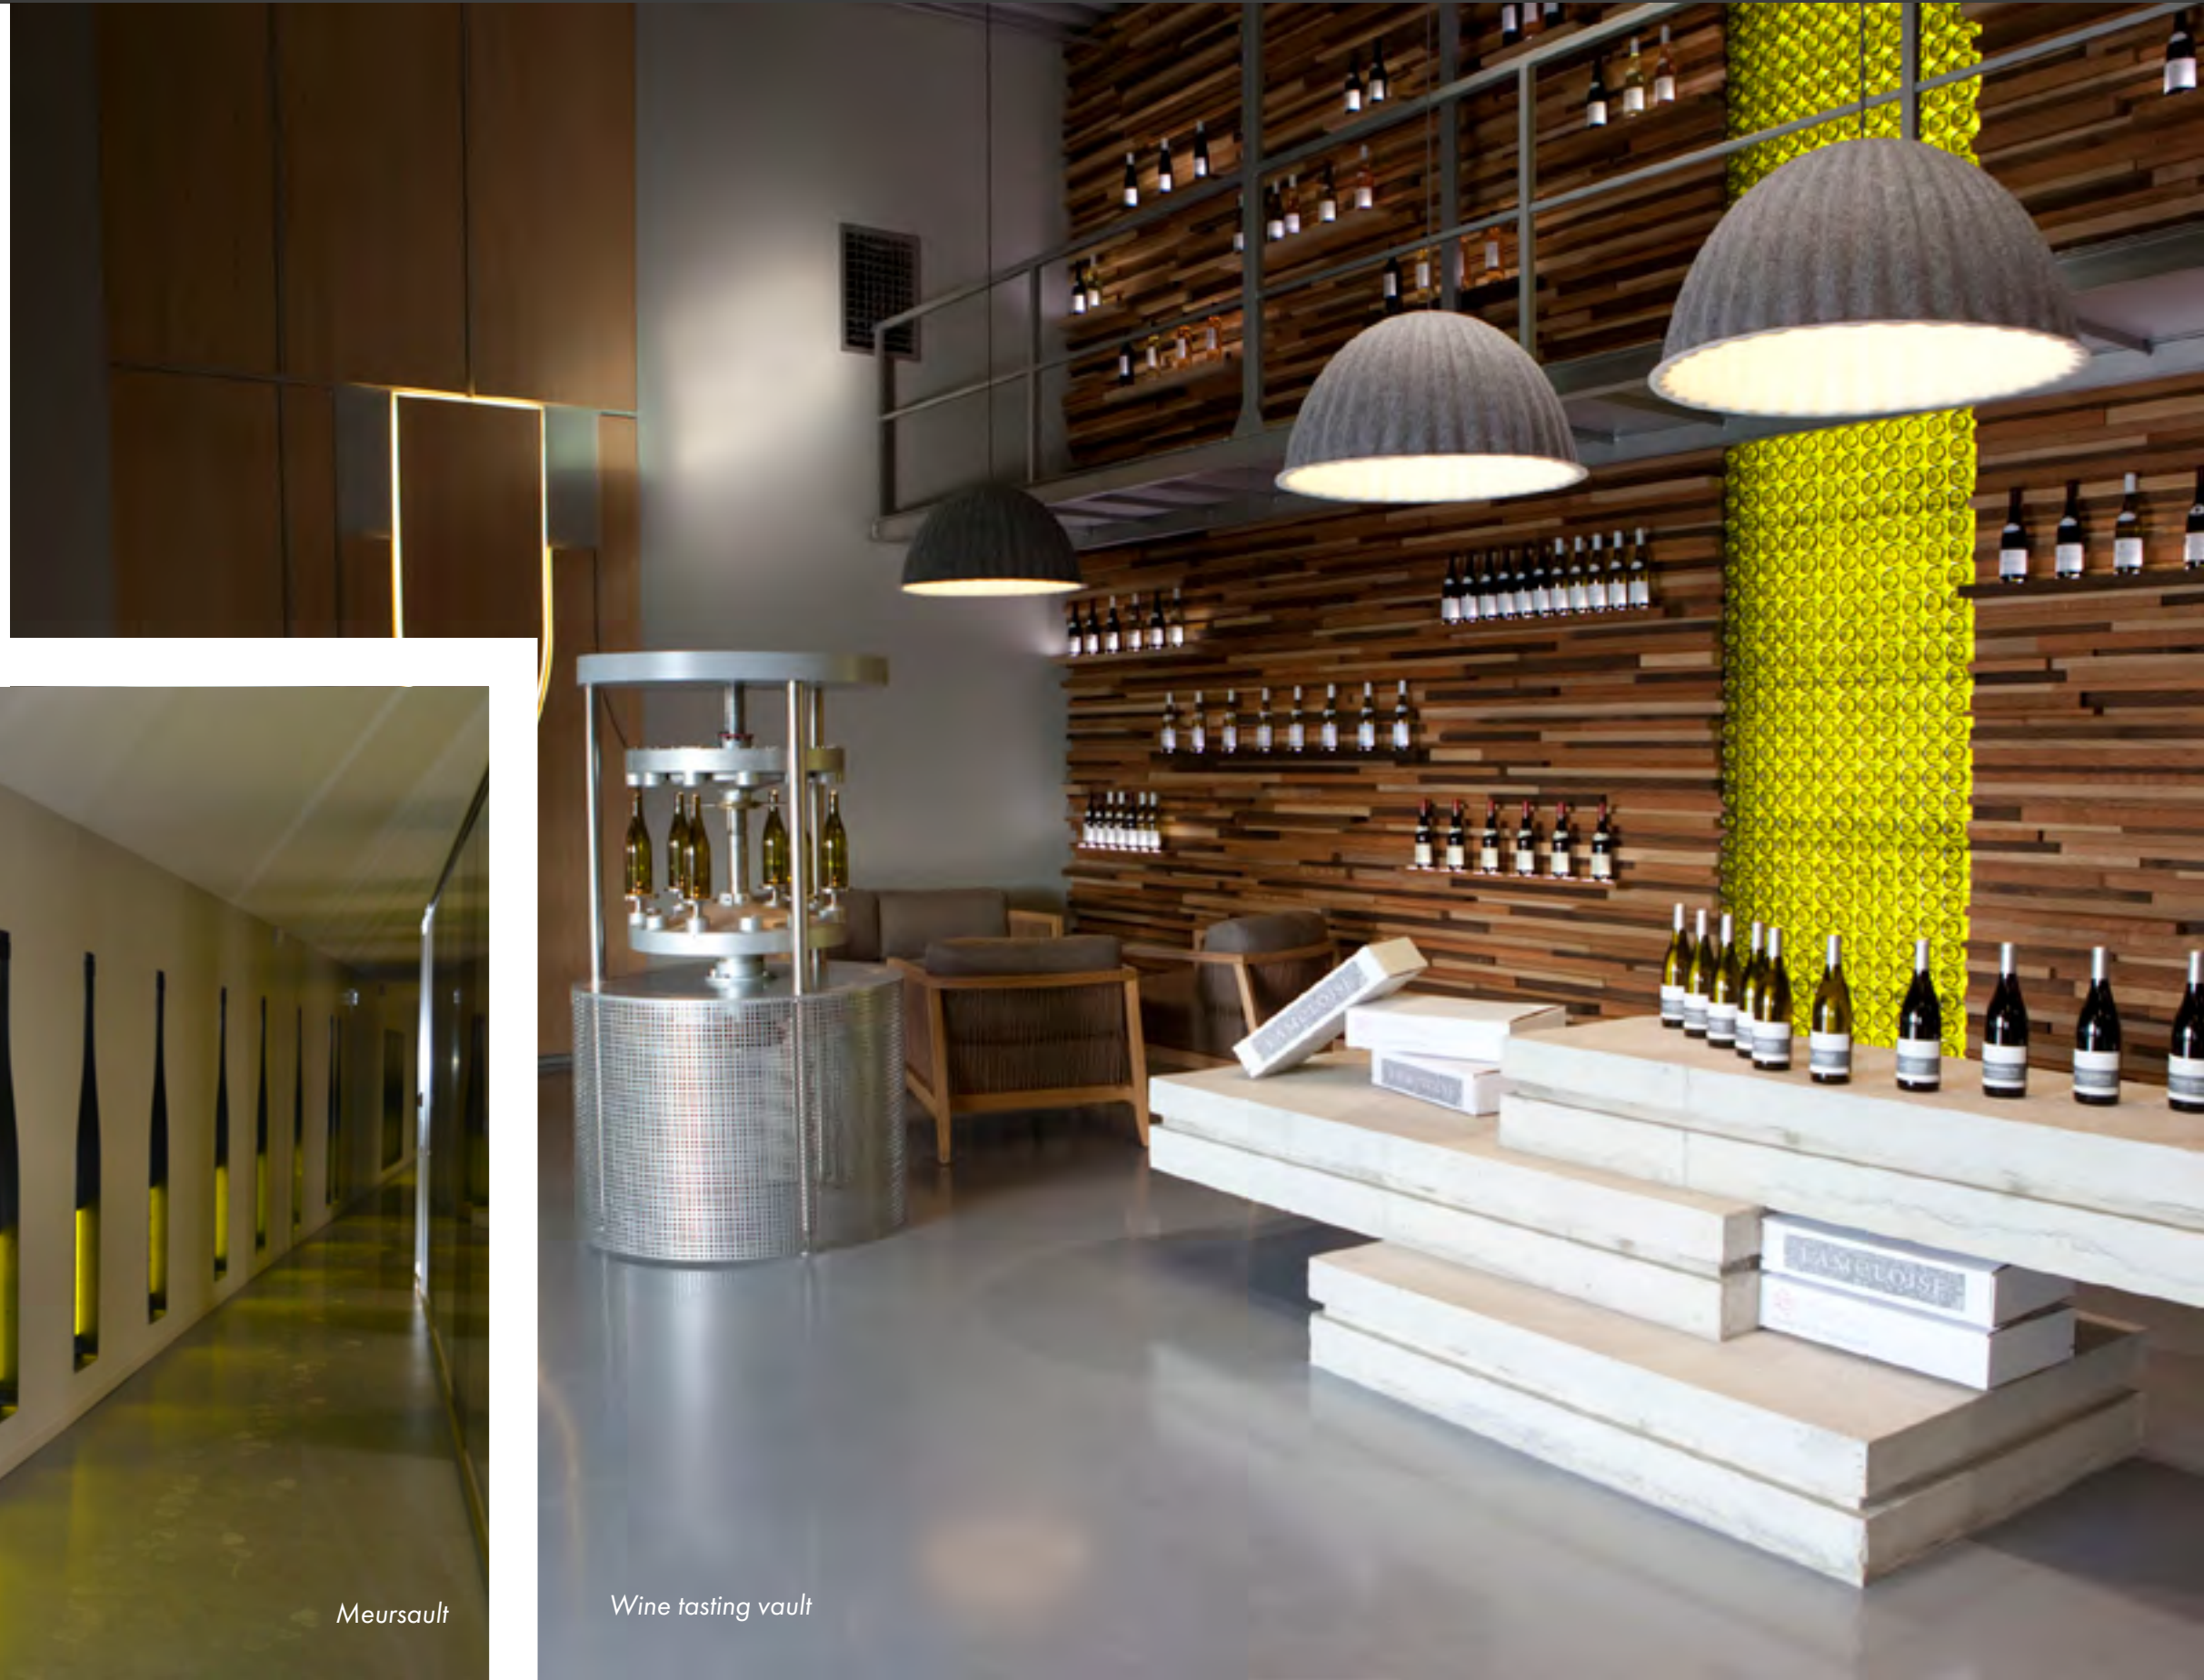

Custom made light panels to match architectural design

WHEN LIGHT... BECOMES MATERIAL

INTERIOR

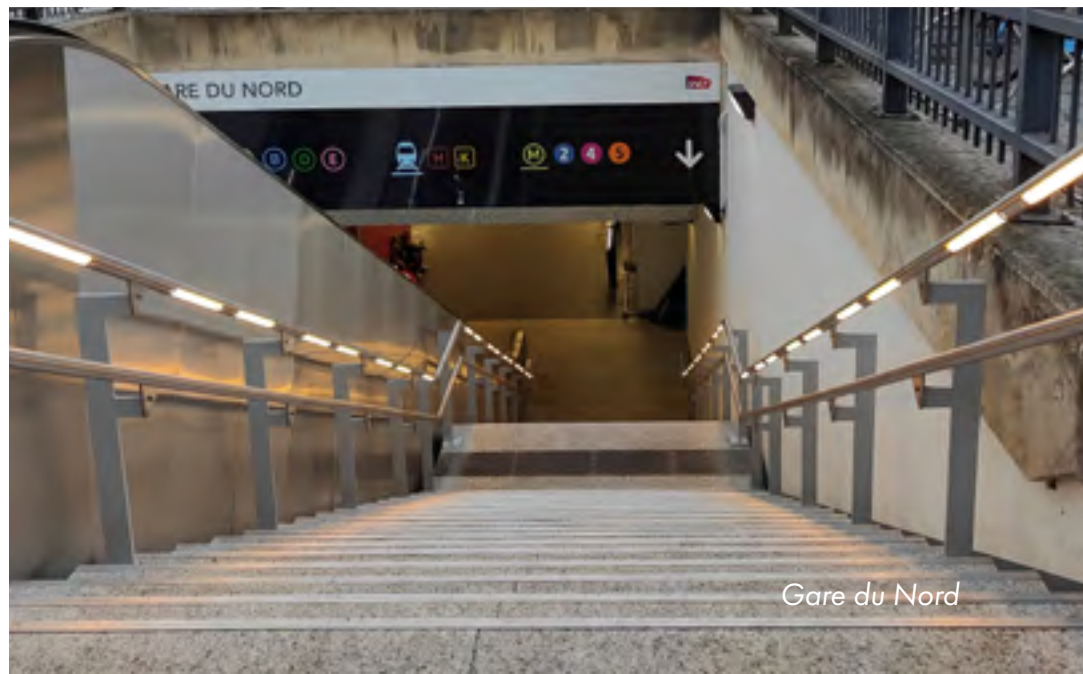

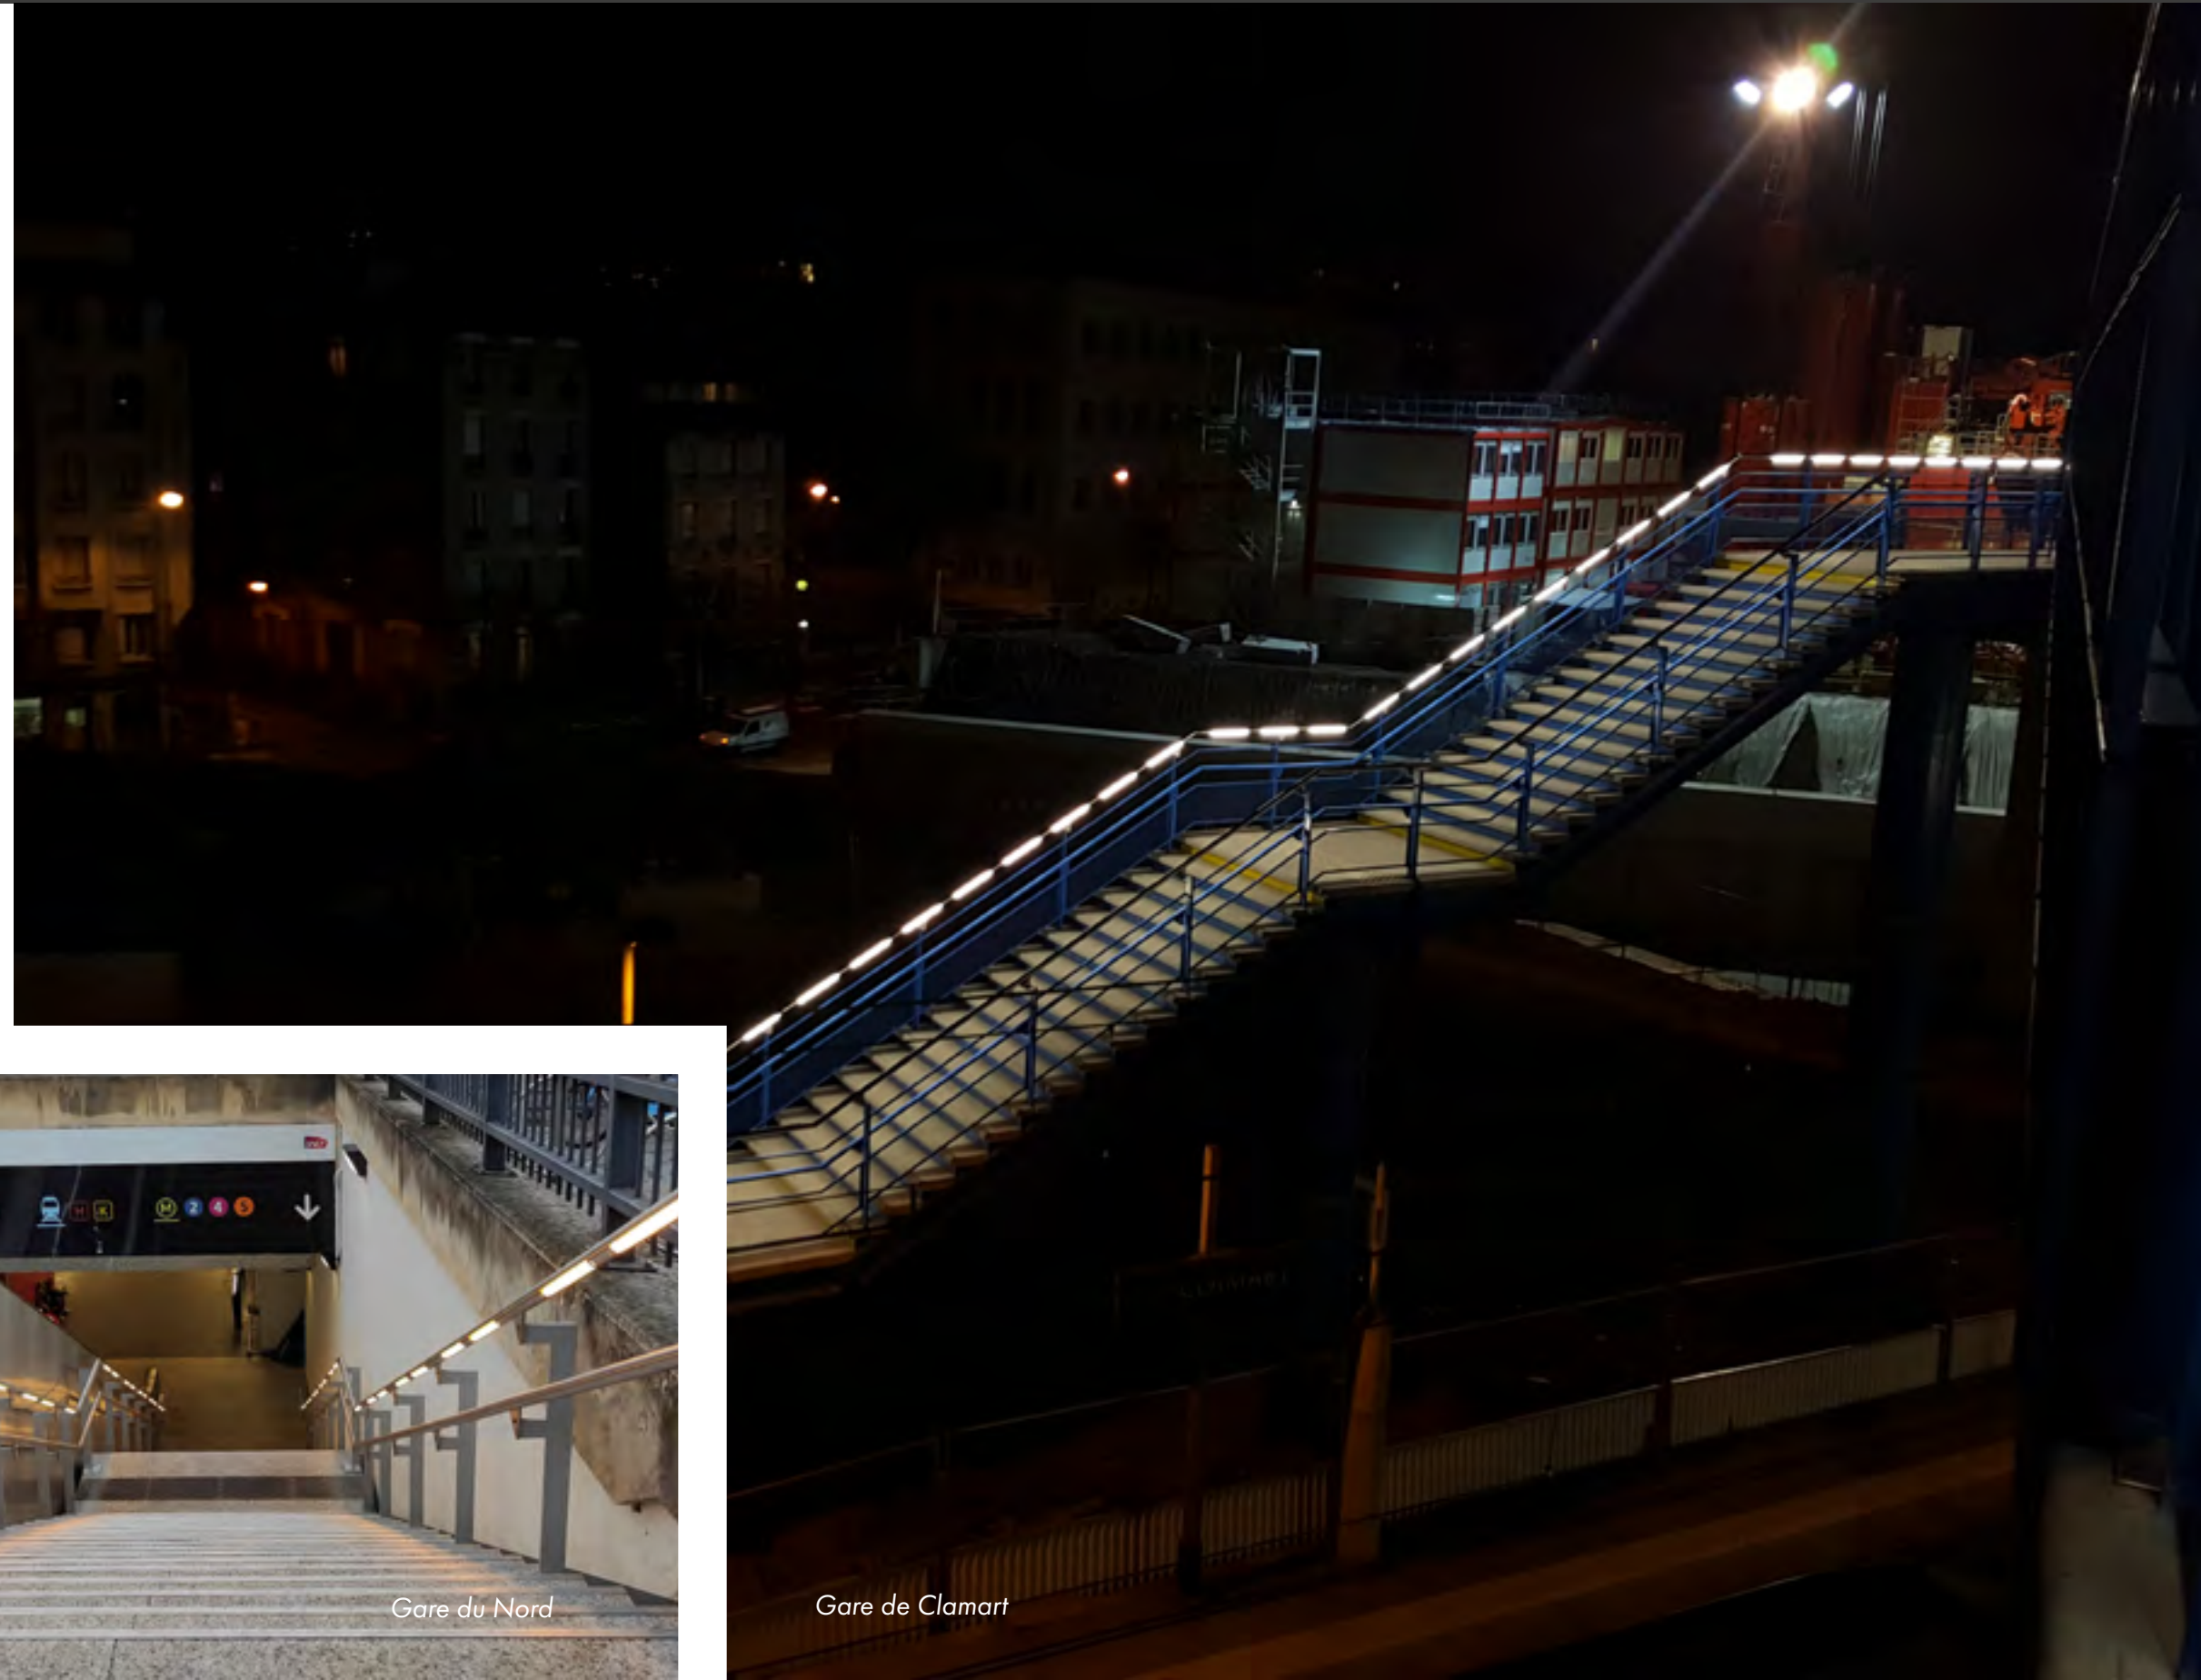

Wine bottles and glass shapes are emphasized by specific lighting design

WHEN LIGHT... IS A GUIDE

STATIONS

Fully bespoke development for SNCF stations to comply with norms and anti vandalism constraints while facilitating installation and maintenance

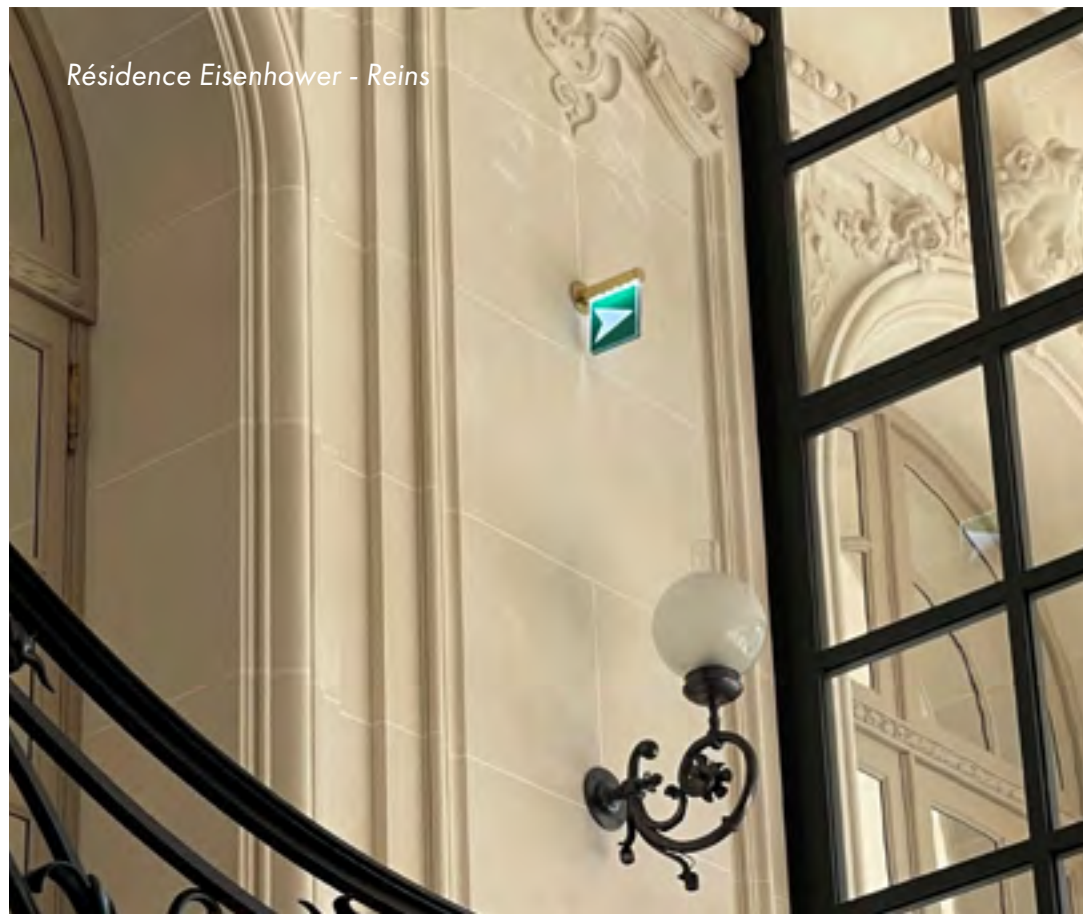

WHEN LIGHT... IS A GUIDE

HISTORICAL BUILDING

Custom made emergency lights in respect of norms
to satisfy aesthetical constraints of historical buildings

Chateau de Versailles

Résidence Eisenhower - Reims

WHEN LIGHT... IS A GUIDE

PASSAGE

Custom made anti-vandalism linear lights to secure an unsafe passage.

PRODUITS & SERVICES

CREATION OF CUSTOM MADE

A trusted reference in Europe

Since its foundation in 1987, our group success never faded. With more than 20 collaborators on 2 production plants, Switzerland and France, our know-how enables us to achieve ambitious projects end to end. Our goal is to develop or source the best products to comply with technical, normative and aesthetical constraints along with functional requirements while respecting the architectural design.

EMERGENCY LIGHTS

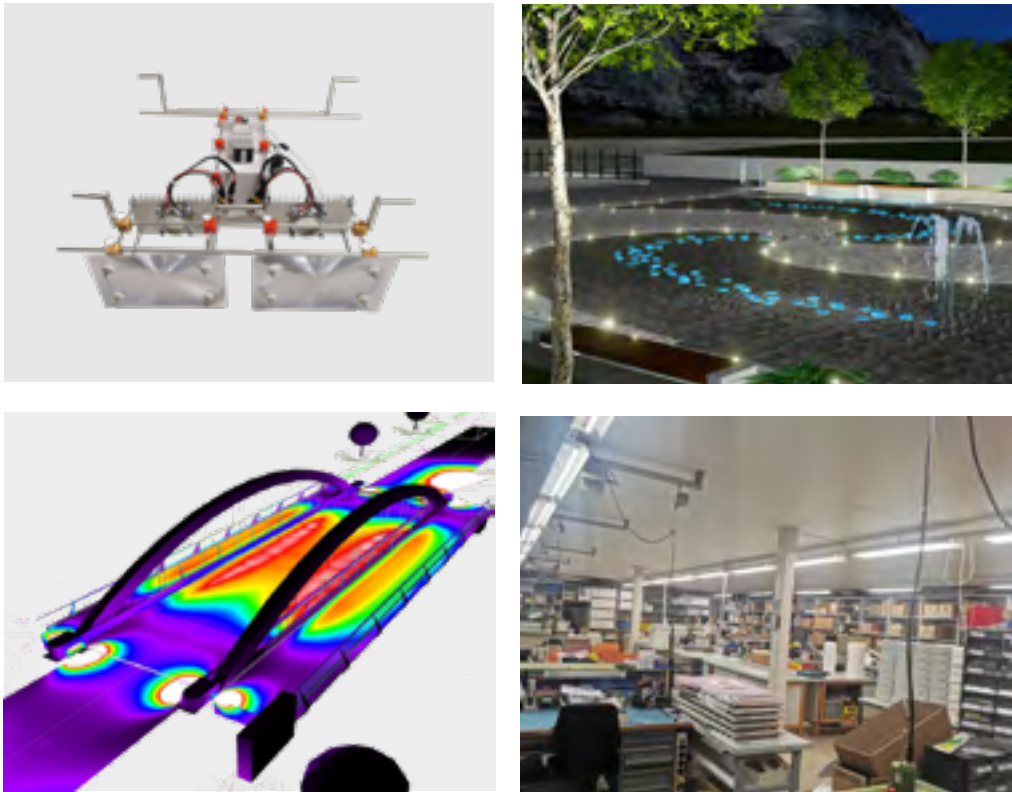

3 product lines to answer all needs.

Product line « Essentiel »: A budget offering, approved by Lumatec
A small range of products with most common functionalities at the best price on the market while satisfying Lumatec quality requirements.

Product line « Tradition »: the best value for money !
A wide range of products made with high quality materials and high-end design. These products can be customized to architectural requirements while keeping a competitive price.

PROJECTS

Product line « Manufacture »: fully custom-made products and lighting projects

Because your projects and ideas are unique, we develop bespoke products for you. You have a specific requirement to emphasize with light a state-of-the-art building in public or private environment, our R&D and project teams will collaborate with you to develop an exclusive solution for your unique project.
